"1000. rocznica koronacji Bolesława Chrobrego"

(1000th ANNIVERSARY OF THE CORONATION OF BOLESŁAW CHROBRY) DIPLOMA

1. **Historical Background:** On April 18, 2025, the 1000th anniversary of the coronation of Bolesław Chrobry, the first king of Poland, will be celebrated in Gniezno. A ruler from the Piast dynasty, son of Mieszko I and Dobrawa, Bolesław Chrobry was one of the most warrior-like monarchs in the country's history and the creator of a vast empire. He began his reign in 992. His rule was crucial for the consolidation of Christianity in Poland. Bolesław's state established an independent ecclesiastical organization (metropolis), with Gniezno as its capital. Additionally, bishoprics were established in Kraków, Wrocław, and Kołobrzeg. During his reign, the construction of numerous monumental stone palaces and churches began. Bolesław Chrobry laid the foundation for a new Slavic "empire." The king of Poland died on June 17, 1025.
